Pass with the professionals

EP Training have been delivering high quality training solutions to the transport industry for 35 years and have a reputation within industry that is second to none. We are not a training broker. We do not work with training brokers.

You may find that we are more expensive than certain training companies, but we offer a **full five day course**. Many training companies offer a 4 day course, which includes your LGV test, which may seem cheaper, but if you fail you will require a re-test (approx £300).

We can advise and train on all aspects of the initial qualification, and subsequent periodic training.

Delivering cat C1, C1E, D1 D1E, C and C+E training every week, with a training ratio of two trainees to one instructor, all our LGV instructors are DVSA (Driving Vehicle Standards Agency) registered. This represents a nationally recognised qualification of instructor competence.

LGV Training courses are conducted from our Training Centre at Addlestone, Surrey between 7am and 3.30pm. All LGV testing is conducted from the DVSA test centre, Guildford.

- Module 2 (pass case study theory test)
- Module 3 (pass practical driving test)
- Module 4 (pass associated knowledge practical exam)

Medical

EP Training has an arrangement with a local, reputable General Practitioner who visits EP Training on a regular basis to carry out LGV and PCV medicals. EP will arrange for you to come to its Great Bookham training centre and have your required medical carried out there. This is all included in the price.

Applying for Provisional Cat C entitlement

- Candidates must next apply for the correct LGV provisional entitlement.
- The D2 is required to be completed for LGV provisional entitlement.
Please ensure the application form is read carefully before it is completed, especially the section asking which licence is wanted; the 'C' Box should be ticked
- The LGV provisional application is **free of charge**.
- When complete, post the forms and relevant identification to the DVLA in the pre-addressed 'brown envelope'.

If you currently have a photo type licence, then the documents that need to be sent to the DVLA are:

- D4 Form
- D2 Form
- Both parts of your licence

While waiting for the licence to come through, it would be highly advisable to start reading the LGV Theory Test book, Hazard Perception DVD and the Case Study DVD. You can purchase all the books and DVD direct from EP Training.

The theory and hazard perception are two separate examinations and are sat independently of each other.

The required pass mark is 67 out of 100. Theory test fee £15.

If you fail the hazard perception test but have passed the theory test, then you only resit the hazard perception test, and vice versa.
